

## SAFETY EQUIPMENT STORAGE CHART

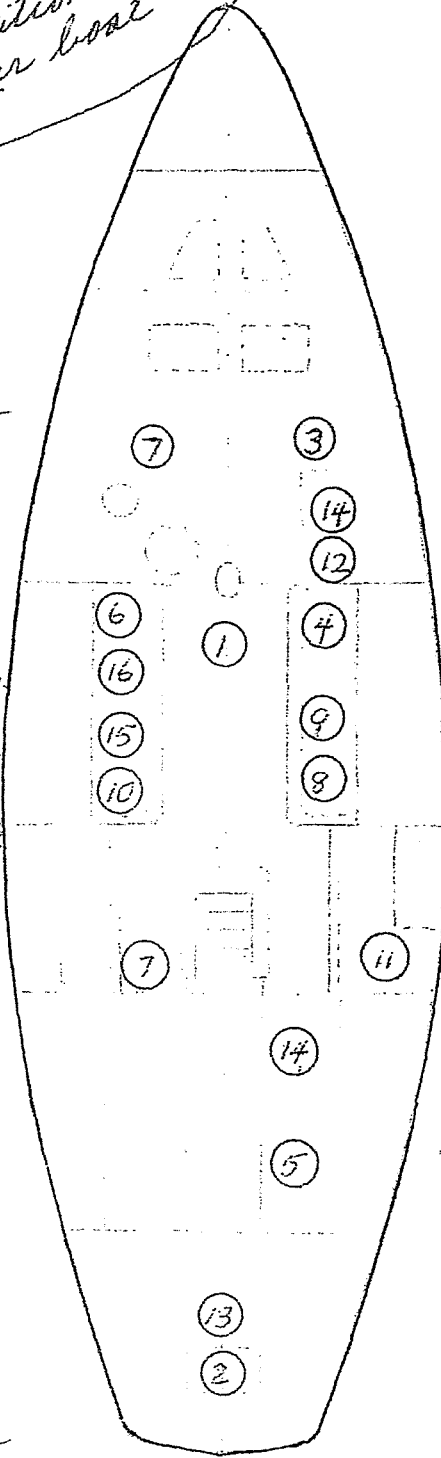

### Instructions for filling out the display Chart on Page 2 or as a guideline for using your own Chart

Under each item in the left column write where it is stored on **your** boat and put that corresponding number on the diagram in the location where it is stored. Makes sure the diagram numbers are the same as the listed item numbers. **Laminate or insert in a clear sealed gallon size Ziplock type plastic bag and display in a visible location. (4.12 Pg. 47)**

\*Additional notes may be added as desired.

*Example only -  
Print page 2 & fill  
out information as  
it is on your boat*
